

The Matworks –Porcelain Tile contributions to LEED®

LEED® Rating System: Credit criteria compliance

The Matworks Porcelain Tile products may contribute to individual credits. Products can support criteria called out in the LEED® Rating System. LEED® is a comprehensive design tool for integrated design and analysis. Contact The Matworks for further assistance with any LEED® related questions.

The Mat Works Porcelain Tile may assist in credit compliance with the various LEED® rating systems in the following areas:

LEED® NC 2.2: New Construction

Materials & Resources:

- | | | |
|-------------|--|----------------|
| Credit 3.1: | <u>Materials re-use, 10%</u>
<i>Explanation of criteria compliance:</i> Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation. | <u>1 point</u> |
| Credit 3.2 | <u>Materials re-use, 20-%</u>
<i>Explanation of criteria compliance:</i> Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation. | <u>1 point</u> |
| Credit 5.1 | <u>Regional Materials</u>
10% extracted, processed and manufactured regionally
<i>Explanation of criteria:</i> The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location. | <u>1 point</u> |
| Credit 5.2 | <u>Regional Materials</u>
20% extracted, processed and manufactured regionally
<i>Explanation of criteria:</i> The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location. | <u>1 point</u> |

LEED® CI 2.0: Commercial Interiors

Materials and Resources:

- | | | |
|------------|---|----------------|
| Credit 5.1 | <u>Regional Materials</u>
20% manufactured regionally
<i>Explanation of criteria:</i> The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location. | <u>1 point</u> |
|------------|---|----------------|

Credit 5.2	<u>Regional Materials</u> 10% extracted and manufactured regionally <i>Explanation of criteria:</i> The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location.	<u>1 point</u>
------------	---	----------------

LEED® CS 2.0: Core & Shell

Materials & Resources:

Credit 3	<u>Materials Reuse, 1%</u> <i>Explanation of criteria compliance:</i> Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation.	<u>1 point</u>
----------	---	----------------

LEED® EB: Existing Buildings

Materials & Resources:

Credit 3.1:	<u>Materials re-use, 10%</u> <i>Explanation of criteria compliance:</i> Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation.	<u>1 point</u>
Credit 3.2	<u>Materials re-use, 20-%</u> <i>Explanation of criteria compliance:</i> Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation.	<u>1 point</u>
Credit 5.1	<u>Regional Materials</u> 10% extracted, processed and manufactured regionally <i>Explanation of criteria:</i> The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location.	<u>1 point</u>
Credit 5.2	<u>Regional Materials</u> 20% extracted, processed and manufactured regionally <i>Explanation of criteria:</i> The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location.	<u>1 point</u>

Indoor Environmental Quality:

Credit 4	<u>Option C: Low emitting materials, flooring</u> <i>Explanation of criteria compliance:</i> The Matworks Porcelain Tile has been certified as compliant with the Floorscore Standard.	<u>1 point</u>
----------	---	----------------

LEED® FOR RETAIL: *This rating system will not be officially released until Spring 2009*

Materials & Resources:

- Credit 3.1: Materials re-use, 10% 1 point
Explanation of criteria compliance: Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation.
- Credit 3.2: Materials re-use, 20-% 1 point
Explanation of criteria compliance: Reuse of existing Porcelain Tile originally sourced through The Matworks and specifying new product to match this existing condition for any addition or renovation.
- Credit 5.1: Regional Materials 1 point
 10% extracted, processed and manufactured regionally
Explanation of criteria: The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location.
- Credit 5.2: Regional Materials 1 point
 20% extracted, processed and manufactured regionally
Explanation of criteria: The Matworks Porcelain Tile material is extracted and manufactured in multiple locations. Please contact your Matworks representative to verify product location.

Indoor Environmental Quality:

- Credit 4 Option C: Low emitting materials, flooring 1 point
Explanation of criteria compliance: The Matworks Porcelain Tile has been certified as compliant with the Floorscore Standard.
