

MATWORKS

COMPREHENSIVE FLOORING SOLUTIONS

ProGrate

Entryway System

- Great for high traffic areas, these mats allow drainage for water and snow while collecting dirt and debris.
- Develop unique color variations to create the perfect entrance and creating a lasting impression.
- The aluminum hinged rails are easily replaced after many years of pedestrian traffic and maintenance.
- The rubber hinged mats are perfect for collecting dirt, grime, and moisture while the soft hinges absorb noises from foot traffic.

Available with aluminum or rubber hinges.

CLEANING INSTRUCTIONS

MatWorks strongly recommends cleaning your flooring system daily to maintain functionality and appearance. The maintenance schedule should start on the installation date to achieve the maximum life expectancy of the product.

DAILY CLEANING:

Sweep or vacuum daily to collect loose dirt and debris. Using a vacuum crevice tool is recommended to maximize the cleaning power and suction to capture excess dirt and debris caught between the inserts. For spots and stains, use a mild detergent with water and blot clean with a rag. A household-type carpet cleaner can be used for tougher stains.
